ESPA *Signature Treatments*

RESTORE AT THE ADDRESS | 2 hours

Chakras are the seven subtle energy centres in the body which affect our equilibrium and inner harmony. Recognised in both Ayurvedic and Chinese philosophies, blocked and congested chakras can affect the body and mind both emotionally and physically. Natural energies are stifled and the zest for life is lost or subdued.

After a full body exfoliation, this holistic treatment continues with the placing of stones along the spine, at vital energy points on hands and feet and on chakras around the body. The body is massaged using individually tailored essential oils combined with the use of hot stones to release tension. Critical tension points are massaged around the eyes and ears, before an acupressure head massage is given. This full body treatment ends with gentle stretching to help release deep-seated tension around neck and shoulders and leave your body feeling soothed and your spirit calm.

REJUVENATE AT THE ADDRESS | 2 hours

This outstanding treatment is a needs specific, sophisticated and holistic. Your therapist will guide you towards the most suitable treatment choice whether purifying, stress reducing, tension releasing, energising or jet lag recovery.

During the foot cleansing ritual your therapist will conduct an in-depth consultation to identify your specific needs of the moment. A salt and oil body scrub follows before warmed ESPA oils are poured onto the body and used for an intensive massage. A heated body mask of either Oshadi Clay, Marine Algae or Mud are then smoothed on and the body cocooned. An acupressure facial massage helps renew and revitalise the skin and ultimate peace of mind is achieved with a luxurious head massage.
